Subject: Gaza - Edinburg Follow-Up Email

Dear Peter,

I hope this email finds you well. I've been overwhelmed with the communication channels you have reached out to reach me, and I appreciate your interest.

My email has been out of service due to the spam notifications sent to my email address and I was worried to be hacked then, and I think that is due to the spam/inappropriate content mentioned, as mandated by the gmail policies.

Please let me know what you exactly need from the Municipality of Gaza, so I can help you fast.

Best,

[REDACTED]
